Edition 29.01.2019

Errors and amendments excepted. Our General Terms and Conditions are effective. / WEEE-Reg.-No. DE 69718127

## DESIGN

### CONSTRUCTIVE DESIGN

All the materials used correspond to the requirements according to RAL-GZ 430/4.

Fully upholstered suite, wooden base frame

Seat upholstery structure: zig-zag springs, Dacron, barrel spring, Diolen

Back upholstery structure: rubber straps, polystyrenen foam, Diolen

Stool upholstery structure: barrel spring

### UPHOLSTERY CASUAL / LOOSE

With casual upholsteries you are rather sitting „in the sofa“ than on it, the upholstery snuggles. A casual/loose upholstery is characterized by a smooth upholstery structure. The cover is not wavel-ess. The ridge of the covers on the seat, back and the armrests as well as sitzmarks due to model and design are typical.

Slight differences in seat firmness with add-on groups are according to construction and therefore constitute no grounds for complaint.

### BACK TENSIONING SECTIONS

All back tensioning sections are supplied as standard with the original cover.

## SEAM

Depending on the model, the seam on leather covers may be different from fabric covers, especially on fitted items. Decorative leather seam (as double lapped felling or double seams) may be omitted depending on the model according to suitability of the fabric covering material.

The model is only worked with selvedge seam.

## COVERING MATERIALS

You may find the information concerning the specific properties of the covering materials on the sample labels.

## INDICATIONS OF DIMENSIONS AND REQUIREMENTS

All the values given are approximate values: dimensions in centimetres, material requirements in metres, leather requirements in square metres.

## FUNCTIONS

### FUNCTIONAL ARMREST

With this model you can choose between 2 different functional armrests:

#### VILA 10 with ratchet mechanism

The armrests are adjustable by a ratchet mechanism that allows different positions. By pulling beyond the highest position the armrest can be returned to the basic position.

#### VILA 11 with bearing

The armrests are adjustable by a bearing that allows different positions.

Please notice: Armrests with ratchet mechanisms and bearings must not be used as seat. The joints are not designed for use with the entire weight of the body.

Please notice: The **armchair small V** has **no functional armrest** (fixed armrest).

**Difference in dimension:** For visual reasons with the armchair V the armrests are respectively 1 cm wider than for the other elements.

## HEADREST

The insertable headrest YNX, 60 x 71 cm is equipped with a metal holder nickel satiné (stainless steel optics).

The headrest can be adjusted by a ratchet mechanism that allows different positions.

## CUSHION RECOMMENDATION

With the **add-on corner 11/2** we recommend to use in addition the back cushion Y (84 x 48 cm) for an optimal and improved seat comfort.

Please also note our general details and sales information

Edition 29.01.2019

Errors and amendments excepted. Our General Terms and Conditions are effective.

## LEGS

Metal leg no. 1 (15 cm high) optionally available in:

- shiny chrome
- structural black mat (lacquered)
- stainless steel optics (lacquered)

from the left to the right:

Solid wooden leg no. 2 (15 cm high) optionally available in:

- oak (oiled)
- beech (oiled)
- walnut (oiled)

from the left to the right:

## CONTRAST STITCHING

The seam construction diagram and the thread size are defined due to the model.

With leather covers the production is carried out either **with contrast stitching** or with a **thread (tone on tone)** matching the leather in terms of colour. Therefore in such cases the finish must be chosen.

By processing with contrast stitching **the best matching colour of the contrast stitching** was chosen for each leather colour. It will be worked automatically while a certain colour of contrast stitching is not explicitly indicated on the order. More for it in the general sales information.

The below displayed combinations of seam colour and leather colour are recommended, exemplary assignments of the 6 available colours of contrast stitching.

LIGHT GREY 0321

BEIGE 1222

NOUGAT 0281

GREY 0415

DARK BROWN 1002

BLACK 4000

Unfortunately with fabric- and microfiber covers contrast stitching is not possible.

### Exception fabric 13-BISON:

With this fabric it can be chosen between a production with contrast stitching or with a thread matching the fabric in terms of colour (tone-on-tone).

## ORDER CHECK LIST

Please pay attention to the following issues respectively to complete specifications when ordering:

- **combination;** with each element also the desired **armrest** (with add-on corner 11/2 we recommend the back cushion Y 84 x 48 cm for an optimal comfort)
- **covering material**
- with leather covers production **with or without contrast stitching**
- **leg version, also finish**

PURCHASE price list

good till cancelled

Edition 29.01.2019

Errors and amendments excepted. Our General Terms and Conditions are effective.

**WITH FUNCTIONAL ARMREST** All width dimensions with raised armrest: They are modified up to plus 19 cm with folded armrest.
